SKILLS

- Programming Languages: Java
- Web Technologies: HTML, CSS, JavaScript
- Database Technologies: MySQL

INTERNSHIP

- Web Development Intern.
  July 2023 – August 2023.
  Contributed to the development of engaging and user-friendly web applications by implementing responsive designs using HTML, CSS, and JavaScript.

PROJECTS

Hotel Reservation System

- Developed a Hotel Reservation System backend using Java and JDBC, managing room bookings and guest information.
- Implemented CRUD operations (Create, Read, Update, Delete) for hotel reservations using MySQL database.

An Intelligent Android based Job Portal System using Fuzzy Expert System

- An intelligent agent that utilizes fuzzy preference rules to enhance job search processes, enabling better job matching by dynamically calculating and organizing job listings based on user-specific criteria and employer feedback.
- Designed and launched a unique video resume platform allowing employers to assess candidates' communication skills, confidence, and capability before scheduling face-to-face interviews, streamlining the recruitment process.

CERTIFICATIONS

- Successfully completed 8 week NPTEL course on “User-centric Computing for Human-Computer Interaction” from Indian Institute of Technology, Guwahati in 2024.
- Java Programming Certificate.
